Customer Advisory - Service Interruption - BC interior fires - Update

BC wild fires continue to have our main line operations shut down. CP teams are on site and supporting local authorities. The safety of the public and our employees is our priority.

Crews have inspected our tracks and crews and materials have been mobilized to conduct repair work as soon as it is safe to do so. The CP team then will quickly take action to safely restore our service.

Customers should continue to expect delays.

Given the operational impairments, CP has issued embargoes for British Columbia interior in an effort to proactively manage the traffic into this area affected by the wildfires in BC Interior.

The embargoes are currently in effect and can be rescinded at any time.

We will continue to provide updates and work directly with affected customers as the situation evolves.

Thank you for your patience and understanding. We appreciate your business.
